Finatic, a youth-run non-profit organization that hopes to educate middle and high schoolers on personal finance and basic money management concepts. Our mission is to provide students with a source of training so that they develop a strong understanding of finance and can create good financial habits at a young age. We have designed a program that includes three interactive, engaging, and concise sessions, each lasting an hour each that covers managing, saving, borrowing, investing, and protecting your money. We have already conducted numerous programs but we believe a partnership with Cupertino Middle School will allow us to reach additional middle schoolers and provide them with this imperative financial knowledge. If this would be of interest to Cupertino, we would love to hold a session during this Winter Break for your students.
